Knowledge

Hh

Hiva
Dance

Tt

Tuluma
*Wooden
fishing box*

Vv

Vaka
Canoe

Reading and speaking

Te Gagana Tokelau

The Tokelau alafapeta (alphabet) is made up of fifteen mataituhi (letters).

Vaueli *Vowels*

There are five vaueli which have the same pronunciation as other Pacific languages, including te reo Māori (Māori language). Vaueli can be short or long (the long vowel sound is indicated with a macron).

a, e, i, o, u as in the English language: are, there, three, or, two

ā, ē, ī, ō, ū as in the English language: father, egg, feet, thought, loot

It is important that the short and long vowel sounds are used, as they distinguish between different words – e.g. mātua (mother) – e.g. matua (to be a grown up).

The letters of the alphabet are: **a, e, i, o, u, f, g, k, l, m, n, p, h, t, and v**

Konehane *Consonants*

Gagana Tokelau has ten konehane: **f, g, k, l, m, n, p, h, t, and v**

The Gagana Tokelau: is much like in English, except that:

- ‘f’ is pronounced like ‘hw’ you make the ‘h’ sound at the back of your throat and then constrict the sound so that it becomes a ‘w’. As an example, fakalogo (to listen) sounds like ‘h-wa-ka-longo’
- ‘g’ is pronounced with a ‘n’ sound in front of ‘g’ – making it a ‘nga’ sound, as in te reo Māori, or the ‘ng’ sound from the English word ‘song’. As an example tagi (to cry) is pronounced ‘tangi’
- ‘h’ is pronounced like ‘hy’ in words such as hau (to come) which sounds like ‘hy-au’
